Education

- 📅 2020 - Present **Frontend Developer** - Hyper Island
- 📅 2020 - 2021 **The Complete Web Development Bootcamp** - Udemy
- 📅 2019 **Programming 1 C#** - NTI-skolan
- 📅 2010 - 2013 **Musical Theater** - Kulturama Gymnasium

Experience

- 📅 2020 - Present **Frontend Developer** - Internago

After a school project for Internago, they hired me to continue working on their webpage before launching it live. Tasks include everything from logo design to design of the webpage and building it using React.js, Gatsby and Netlify CMS.
- 📅 2017 - 2020 **Legal Assistant** - Advokatfirman Vinge

Administrative support to the firm's Banking & Finance department, and initially also the Capital Markets and Public M&A department. Tasks included, inter alia, formatting, conflict checks, drafting, LEI-code administration, translations, arranging events, administrating the internal insider list and other various support.
- 📅 2013-2016 **Seller, Ass. Floormanager and Merchandiser** - Elgiganten

During my three years at Elgiganten's flagship store I first worked as a merchandiser and assisted with inventories, as a cashier and in the store's service center. After that I had a role focused on customer support and my tasks included having an overview of the store, from ranking in excel and placement of products to customer surveys and ensuring that all customers were seen by our staff. Lastly I became a seller at the household department.

"I have never tried that before, so I should definitely be able to do that."
