Elin Nordin

Frontend Developer

Education

📅 **2020 - Present**   **Frontend Developer** - Hyper Island

📅 **2019**   **Programming 1 C#** - NTI-Skolan

📅 **2010 - 2013**   **Musical Theater** - Kulturama Gymnasium

Experience

📅 **2020 - Present**   **Frontend Developer** - Internago

After a school project for Internago, they desided to hire me and another teammate by the hour to continue working on their webpage before launching it live. We are doing everything from designing their webpage to building it using React.js, Gatsby and Netlify CMS.

📅 **2017 - 2020**   **Legal Assistant** - Advokatfirman Vinge

Administrative support to the firm's Banking & Finance department, initially also to the Capital Markets and Public M&A department. Tasks include, *inter alia,* formatting, conflict checks, drafting legal letters, administration of LEI-codes, translations, arranging events and reservations, administrating the internal insider list and other various administrative support.

📅 **2016**   **Seller** - Elgiganten

Seller at Elgiganten's flagship store, household department. Apart from my ordinary tasks I also assisted with inventories and reconstruction work in connection to the re-opening of the store.

📅 **2015 - 2016**   **Customer Champion / Ass. Floormanager** - Elgiganten

Role focused on customer support. My tasks included having an overview of the store, from ranking in excel and the placement of products to customer surveys and ensuring that our staff moved in all parts of the store. I also arranged various events during the christmas shopping, for example supplier demonstrations, gift wrapping and loudspeaker messages.

📅 **2013 - 2015**   **Merchandiser** - Elgiganten

Mainly employed as a merchandiser but I also assisted as a cashier and in the store's service center.

"I have never tried that before, so I think I should definitely be able to do that." - Astrid Lindgren
